

Dear Ms.Kyriakides,

I would like to take an opportunity to thank you again for standing with Ukraine and your readiness to help in restoring and building up healthcare system of Ukraine. As you've probably aware, I joined Superhumans center, private public partnership aimed at providing on free of charge basis prosthetics, psychological rehabilitation and face reconstruction services for people, injured during the war, as a Board member. The center will be opened in 2023 in Lviv on base of government owned Veteran hospital. At stage the center is working to attract international experience and best medical experts to build the center of excellency and the exchange programs for Ukrainian doctors and medical personnel.

Based on the above said, your help in connecting Superhumans team with the specialists in following areas would be highly appreciated:

- prosthesis manufacturing companies and NGOs, working in the area of providing help in prosthetics;
- Specialists in prosthesis (basic and advanced, upper and lowers limbs)
- Specialists in face reconstruction (injured as a result of shelling and explosions)
- Psychologists and psychiatrists that have experience in working with post-trauma
- PMR (physical medicine and rehabilitation)
- Spinal surgeons to exam the patients before finding the best prosthesis

As well as expertise, the center is looking to establish tight links with big multinational companies, specializing in producing medical and rehabilitation equipment for the purposes mentioned above.

Superhumans are planning to attract the best international experience to deliver high quality medical services to Ukrainian patients and to deliver the best training for our doctors and medical personnel.

All information about Superhumans plans and vision can be found here:
www.Superhumans.com

I'm looking forward to your reply.

A handwritten signature in blue ink, appearing to be 'OZ' with a flourish.

Kind regards,
Olena Zelenska
First Lady of Ukraine

Ms. Stella Kyriakides
